

EXPLANATION
(Units simplified from the geologic map)

CENOZOIC		Quaternary alluvial deposits
		Undifferentiated Tertiary and Quaternary continental deposits
		Mehrten Formation
		Tertiary "Auriferous" gravels
PALEOZOIC - MESOZOIC		Upper Cretaceous Great Valley Sequence
		Lower Cretaceous Great Valley Sequence
		Jurassic sandstone
		Mesozoic plutonic rocks of the Sierra Nevada
		Jurassic Copper Hill metavolcanics and metasediments
		Jurassic metavolcanics and metasediments
		ultramafic intrusive rocks, now mostly serpentinite
		Sheared Mesozoic-Paleozoic rocks of Foothill melange belt
